I've spent 15+ years making operations run smoother across retail, small business, and nonprofits. Everything changed when I started using AI tools. Now I build automations using Claude AI, Zapier, and Google Apps Script, eliminating manual work and freeing up teams to focus on what matters.

## RELEVANT EXPERIENCE

**Storm King Consulting** | Remote | *Events Assistant/Automations Specialist* | Jan 2026–Present

Built an automated RSVP tracking dashboard in two days using Google Apps Script and Claude AI. Eliminated manual data entry across 15+ events with real-time Slack notifications. Use AI and Zapier daily to optimize workflows despite zero formal coding background.

**The Off Grid Guy & DIY RV Living** | Remote | *Founder/CEO* | 2019–Present

Built digital business from scratch including website, workflows, and customer systems. Manage all remotely.

**American Red Cross** | Remote | *Disaster Recovery Caseworker (Volunteer)* | Mar 2025–Present

Virtual case management in Salesforce. Collaborate with distributed teams across timezones asynchronously.

**Global Bikes** | Phoenix, AZ | *General Manager* | 2009–2018

Multi-location operations, 10-20% YoY growth. Led teams of 15-25. Integrated KPI tracking systems.

**Sears** | Phoenix, AZ | *HR Manager & Operations* | 2002–2009

HR operations for 130+ employees. Led tech transition from legacy systems to modern platforms.

## WHAT I BRING TO BUFFER

**Automation Mindset:** Building working solutions using Claude AI, Google Apps Script, Zapier, Make, and n8n.

**Systems Thinking:** 15+ years spotting inefficiencies. Know when to add structure and when to preserve autonomy.

**AI-Native:** Use Claude AI to help develop code and troubleshoot - built my resume website above in a weekend despite zero web dev background.

**Async Excellence:** Remote work since 2019. Very comfortable with sync/async workflows and communications.

**Self-Taught:** Learn through AI assistance, documentation, and trial-and-error.
